### Ingredients

One 15-oz. can black beans, drained and rinsed  
1/2 cup unsweetened cocoa powder  
1/2 cup (about 4 large) egg whites  
1/3 cup unsweetened applesauce  
1/3 cup canned pure pumpkin  
1/4 cup Truvia spoonable calorie-free sweetener (or another no-calorie granulated sweetener; see *HG FYI*)  
1 1/2 tsp. baking powder  
1 tsp. vanilla extract  
1/4 tsp. salt  
3 tbsp. mini semi-sweet chocolate chips

### Directions

Preheat oven to 350 degrees. Line a 9" round cake pan with foil, and generously spray with nonstick spray.

Place all ingredients *except* chocolate chips in a food processor. Puree until completely smooth and uniform.

Fold in 1 tbsp. chocolate chips.

Spread mixture into the baking pan, and smooth out the top.

Evenly top with remaining 2 tbsp. chocolate chips, and lightly press into the batter.

Bake until a toothpick inserted into the center comes out mostly clean, 35 - 40 minutes.

Let cool completely, about 1 hour.

Refrigerate leftovers. (This cake tastes great chilled.)

MAKES 8 SERVINGS

**HG FYI:** [Truvia spoonable calorie-free sweetener](#) is about twice as sweet as sugar. If using a no-calorie granulated sweetener that measures cup-for-cup like sugar *instead* of Truvia, double the amount called for in this recipe.
